Career Objective

Recent graduate with a solid foundation in Java full-stack development and skills in HTML, CSS, and JavaScript. Eager to join a team where I can build user-friendly web applications and improve my skills through hands-on experience and collaboration.

Education

2022-2024 **Master Degree (MCA) in Computer Application**

KLE Technological University, Hubballi, India.

CGPA: 8.8

2018-2021 **Bachelor Degree (BSC_CS) in Computer Science**

Rani Channamma University, Belagavi.

77.88 %

2018 **XII - Karnataka Board, SDVS Sangha's PU College, Sankeshwar.**

65.83 %

2016 **X - Karnataka Board, SDVS Sangha's S D High School, Sankeshwar.**

90.24%

Technical Skills

Programming Language: Java, C

Database: MySQL

Web Technologies: HTML, CSS, JavaScript

Server-side technologies: Servlet

Persistence Technologies: JDBC

Tools/ IDE: Eclipse, Visual Studio

Version Control: Git, GitHub

Methodologies: Agile

Academic Project

April 2024 - **Facial Recognition Attendance System**

May 2024 *KLE Dr. M. S. Sheshgiri College of Engineering & Technology, Belagavi.*

Automated Attendance: Developed a system using facial recognition to streamline attendance tracking, eliminating manual processes.

Technology Used: Integrated OpenCV, KNN algorithms, Flask, and Pandas for real-time detection and accurate record-keeping.

Key Features: Real-time face recognition, automated CSV-based data management, and a user-friendly web interface.

Scalable and Secure: Designed to handle growing user data while ensuring privacy and reliability.

Versatile Applications: Applicable for attendance, access control, and personalized services in education and workplaces.

Internship

June 2024 - **Java Full Stack Development**

Sept 2024 *Workflow SOFTWARES, Sankeshwar.*

Full-Stack Development: Built a Bank Management System using Java and MySQL with core features.

Database Management: Designed a secure MySQL database for handling sensitive financial data and ensuring efficient transactions.

Key Functionalities: Developed features like fast cash withdrawals, mini statements, PIN change, and real-time balance updates.

Team Collaboration: Implemented modules like transaction handling and database connection as part of a scalable system.

Certifications

1. Java Full Stack Internship by Workflow SOFTWARES, Sankeshwar.
2. Java Full Stack Course by KodNest, Bengaluru.
3. DevOps Fundamentals by Infosys Springboard.
4. Hands-on Deep Learning Training by Infosys Springboard.

Strengths

- 1.Result Oriented
- 2.Team and Individual player
- 3.Flexible and adaptable
- 4.Effective communicator
- 5.Quick learner
